

# DAA Financial Policies 2024-2025

## And Calendar Notes

### Student Aid Application Process

- All families seeking student aid must first complete the financial application, including the submission of their 1040 and W-2 forms etc.
- Students receiving aid must work a minimum of 15 hours per month to remain eligible. Please keep a check on this with your child.
- Families will be asked to specify the highest dollar amount they can contribute towards tuition. This provides a fairer distribution of student aid.
- Parents are responsible for ensuring all applicable sponsorship forms are signed and submitted to complete enrollment.

### Finance Committee Procedures

- The student will be allowed to enroll on financial probation for 30 days if all of the enrollment documents are not in place. If all documents are not in place at the end of 30 days, the school may move to discharge the student.
- The Finance Committee will convene monthly.
- Accounts 30 days past due will be referred to the Finance Committee which could result in a move to discharge the student
- All fees for sports, art, shop, robotics, photography etc. must be paid in cash before the student may participate.
- Church workers are generally not eligible for the 3-way or church match scholarships and will be determined by the Finance Committee
- Arrangements for past due balances from previous years must be made before completing the current year's enrollment.
